**Reason for Legislation**

This is a license agreement with Whitehead Oil Co. to locate petroleum remediation facilities on city property at 25th and Randolph streets. The license is for 10 years with an expectation that the remediation will not take that long. The facilities include several underground pipes under 25th street and other city property in that area. The rent for placement of facilities at this site is \$396 per year. The system will extract petroleum on the groundwater in the area, treat it and discharge the treated water to Antelope Creek. Whitehead Oil has acquired an NPDES permit from the state for these activities.
